In April 2004 the original documentation for this file was inadvertently destroyed. The Records Unit has worked diligently to re-create this file. It is our belief that this file has been re-created to the greatest extent possible under the circumstances.

The follow steps were taken to re-create the file:

- The Police Department's electronic report system (PIRP) was searched for any information regarding this file. All documentation associated with this file in PIRP was printed and filed.
- The Police Department's records management system (RMS) was searched for any information regarding this file. All documentation associated with this file in RMS was printed and filed.
- The Police Department's Auto Theft Unit provided any documentation (police report, stolen entry form, cleared form, etc.) they had on file associated with this report.
- Copies of missing person/runaway entry forms were stored in a separate location of the Records Unit. If applicable to this report, a second copy of those forms was created and filed in this report.
- The City Court provided any and all copies of citations associated with this report.
- The City Prosecutor's Office provided any documentation they had on file associated with this report.
- If applicable to this report, Arizona Department of Transportation provided a copy of the accident form.
- Records Unit employees searched this file to determine what forms of information are typically included in this type of file. If a document was determined to be missing, Records Unit employees attempted to contact those individuals who may have copies of the needed information to provide a copy of the document for filing.

THEFT AUTO/DEPRIVE TRANSPORT  
Report Title

11/25/2003  
Date of Supp.

1 On 11/24/03, at 2000 hrs, I responded to 10330 N. 90st, at the parking lot for Compusa, reference a stolen  
2 plate [redacted] displayed on a silver Mazda RX-8. P.A. Bush was with the vehicle prior since it was  
3 parked in a handicapped spot. After approximately 30 minutes of surveillance we decided to approach the  
4 vehicle when the driver did not return. See P.A. Bush's supplement.

5  
6 I then entered the Compusa and spoke with Zachary Altman, an employee for the store. I asked Zack if he  
7 knew who was driving the Mazda. Zack stated that around 2000 hrs, a white male, early twenties, wearing  
8 a hat with a wrap around brim and a white female, early twenties, wearing a red shirt, entered the store.  
9 While in the store they completed a return for a printer cartridge and then left. At that time Zack was outside  
10 noticing P.A. bush writing the Mazda a parking ticket. He returned to the store, approached the suspect  
11 and asked him if he owns a silver Mazda. Zack's intentions were to tell the owner of the vehicle that he was  
12 being ticketed. The suspect denied ownership of the vehicle at first, then told Zack that it belonged to his

Report Title

1 On 11-24-03 at approximately 2015 hours, I was on routine patrol in the area of 10330 N. 90th St. and  
 2 observed a silver Mazda parked in a handicap stall displaying Arizona license plate [REDACTED]. The  
 3 vehicle was not displaying a handicap placard and I began to issue a parking citation for the vehicle. I  
 4 then ran the license plate on the vehicle which returned with a NCIC/ACIC hit indicating that the license  
 5 plate had been reported stolen. I then drove away from the immediate area and notified radio that  
 6 confirmed that the license plate was stolen out of Phoenix (#2003-32213843). I then requested for  
 7 additional units to assist me.

8  
 9 Officer Hinsberg #672 and officer Houk #772 responded to my location to assist to assist me (see their  
 10 supplement). Officer Hinsberg and Houk positioned their vehicles in the parking lot waiting to see if the  
 11 driver of the vehicle would return. At approximately 2045 hours, we decided that we would just remove  
 12 the stolen license plate and impound it. After removing the license plate from the vehicle I then obtained  
 13 the vin number from the vehicle [REDACTED] and ran the vin through MVD. There was no  
 14 matching record for the vin number on record with MVD. We then checked the vehicle further and  
 15 discovered that both doors on the vehicle were unlocked. We began to search the vehicle searching for  
 16 the registration attempting to locate information on the owner of the vehicle with negative results.

17  
 18 There were several items in the vehicle which appeared to be new and possibly stolen from a nearby  
 19 store. It was determined that since we were unable to locate the owner of the vehicle that the vehicle  
 20 should be impounded and held for proof of ownership. The items in the vehicle were impounded for safe  
 21 keeping until the owner of those items could be determined.

22  
 23 On 11-25-03 Detective Wagner #330 of the Auto Theft unit was advised on the circumstances of the  
 24 vehicle. Wagner ran several searches on the vin # and discovered that the vehicle had been delivered  
 25 from the manufacture to Bell Rd. Mazda in Phoenix. Detective Wagner contacted Bell Mazda and  
 26 determined that the vehicle was missing from their lot and was stolen. Bell Mazda advised that they  
 27 would contact Phoenix police department to file the initial auto theft report (#2003-32216477).

28  
 29 The vehicle was impounded at district II.  
 30 CSS was requested.
